

# 340B Double Dipping: Not just for Medicaid

*Commercial plans can be impacted, too.*

In the world of the 340B program, double dipping – receiving 340B and Medicaid discounts on the same claim – is a familiar concern for hospitals and health systems. But double-dipping can also take place with commercial plans, when a manufacturer provides 340B discounts and PBM rebates on the same claim.

**Here's how that can happen.**

Manufacturers are taking a more aggressive stance on identifying and pulling back double-dipped discounts for commercial claims.

**Learn how your clients' plans could be impacted.**
